Personal data

We process the personal data of SMT customers on contractual grounds.

With direct services to customers and with our own customer management, personal data is stored for the duration of the contract, plus a period thereafter. This extra period depends on the service and aims to facilitate any continuation of the service. We keep this extra period as short as possible.

Other privacy measures concerning personal data:

1. Personal data is hosted within the EU
2. Only the minimum data (given the purpose) is recorded
3. SMT does not acquire and manage any special personal data
4. All internet traffic with SMT will be in a secure portal
5. SMT has taken all appropriate technical and organizational measures for the protection of your personal data.

Processors and provision to third parties

SMT uses various processors for complete and safe processing of the aforementioned personal data. We have entered into agreements with all these processors to guarantee the protection of personal data and the correct application of the GDPR rules.

For example, we use processors for:

1. Taking care of the (financial) administration;
2. The storage of data.

SCOPE marketing technology has entered into processor agreements with all processors used for the processing of personal data. Furthermore, we will not provide information provided by you to other parties, unless this is legally required and permitted or is an integral part of an agreement.

We can also share personal data with third parties if you give us written permission and / or order.
